Корпус 4

Кладовая на этаже

The diagram shows a rectangular floor plan. A dashed line runs horizontally across the lower portion of the rectangle, dividing it into two main areas. The area above the dashed line is further divided by solid lines into several smaller rectangular sections: a large rectangle on the left and three smaller rectangles on the right. The area below the dashed line is a single large rectangle. The dashed line is positioned such that it is closer to the bottom edge than the top edge.
